NEW 2 1/2 Day (2-night) Partnership Pricing:

Includes three program selections from our programming guide, meals, snacks, and two nights accommodations.

Realizing it can be difficult to obtain our 25 or 40 student minimums for your class trip, we are introducing Partnership Pricing. **If you are able to partner with another school** to visit our facility, we can reduce the price per student for both bookings. We will do our best to partner your group with a group of a similar age range; however that may not always be possible. *(There are only a few openings for this opportunity, please call for details.)*

Facility Sharing:

By agreeing to partnership rates you are agreeing to share the entire facility with another school group. You will share the dining hall and mealtimes, the washroom facilities, and all other common areas; the only exception would be the cabins which you choose for your students. *The booking would be considered two separate bookings on the same dates with separate programming. While programming is separate the program structure maybe different from a single group visit. E.g. Survival Game may not be on the last day of programming.*
