## CABIN MATE REQUEST (optional, for overnight campers):

Cabins are assigned by gender & grouped by age/grade (we try to keep cabins within a 1-year age range as much as possible). We will do our best to honour your cabin request but cannot guarantee cabin placement. We are a small camp with cabins clustered close to each other, so campers have lots of opportunities to see and participate in activities with their friends and siblings throughout the day even if they are not in the same cabin. **Remember that making new friends is one of the best parts of camp!!!**

### Note:

- **Limit of ONE cabin mate request per camper. We cannot guarantee multiple requests.** We reserve the right to split groups of campers to avoid groups dominating cabins & excluding new campers.
- **Both campers must be the same age / same grade**
- **Both campers must indicate each other on their registration form making it a mutual request.** If you forget to make a cabin request, you may do so in writing by mail or email no later than two weeks prior to camp. **We cannot guarantee one-sided requests.**
- **Cabin changes will NOT be made on arrival day. If you have any questions regarding cabin placement, contact the camp office at least two weeks prior to camp.** Once cabin placements have been assigned, changes are both disruptive to campers on arrival day, and negatively affect activity scheduling and our administrative process.

If possible, I would like to be in the same cabin with my friend: \_\_\_\_\_ (limit of one name)
