

Healthy Kids for a Healthy Planet!

Camp Kawartha's Innovative Health Centre.

An Exemplar of Sustainability in Action

Help Camp Kawartha celebrate 100 years! As Camp Kawartha approaches a century, please join in creating a greener future by helping us construct one of **Peterborough County's first certified "Zero Buildings."** This innovative build will replace our aging Health Centre.

What is a Zero Building? They are buildings that are at the forefront of green design. They are "zero" because they have:

- Ø Net-zero utility costs
- Ø Zero carbon footprint. In fact this building is Carbon negative, storing more 5.6 tonnes more carbon than it took to make the building.
- Ø Zero fossil fuel use
- Ø Zero waste output
- Ø Zero toxins – all materials used are natural and non-toxic
- Ø Super insulation and are highly energy efficient.

About the Health Centre: Camp Kawartha's current health center was constructed in the 1950's, is poorly insulated and at the end of its useful life. We use our Health Centre to provide health care services to campers, visitors, students and staff. Whether it is a scraped knee, a bruise or just plain homesickness, our health care team go the extra mile to **help our camping community feel healthy and cared for.** To do this properly, we need a professional space where we can provide modern treatment. At the same time we want

to create a space that demonstrates the very best in sustainable design. **Each feature of the health care centre is a teaching opportunity** to show how people and nature can live together so that both can thrive. We hope this will serve as a showpiece to health practitioners and builders of how we can create health centres that are healthy for both people and the planet.

About Camp Kawartha: We are an award-winning, not-for-profit organization that offers summer camps, outdoor education, forest school, workshops on sustainable living and environmental programming to children and adults. Our mission is to foster positive stewards who care for each other and the earth we all share.

Help Create a Healthy Health Centre!

						
Pledge	\$25 - \$249	\$250 - \$999	\$1,000 - \$4,999	\$5,000 - \$9,999	\$10,000 - \$24,999	\$25,000
